

arrest Lammey and had taken rocks from his pocket. Private W. B. Johnson, of the same company, has assisted in the arrest of Lammey, who was running out of an alley when he was captured. Private R. B. Hurrell, of Company B, had helped arrest E. Kane, and he told all he knew about it, which was corroborative of other testimony on this point, and he said he knew nothing of the release of Newman and Hanks.

#### Helps the Defense.

Lieutenant William Cameron, who was quartermaster, and John Cheatewood's aide, witnessed the affair, and he testified as to the throwing of rocks and as to the arrests. Cross-examined by Mr. Wendenburg, Lieutenant Cameron said to Major Nottingham's headquarters and kept over night and turned loose the next morning. He did not know who turned them loose. He had seen Hanks at Ocean View on the day the grand jury met to consider the pending cases. The witness, though called by the Commonwealth, was telling some things helpful to the defense.

He said they did not let the police into the matter because on the night the latter gave them away. He had understood that Hanks and Newman were discharged by the military authorities because of services they had rendered in making arrests.

#### Lieutenant Rankin On.

Hanks had told witness at Ocean View that he was a Pinkney detective, and that he had been sent on duty by orders from the Passenger and Power Company. Lieutenant Rankin was put on and told the jury all he knew about the case, he having been present at the talk member of Major Cheatewood's staff.

He had heard four shots and seen two rocks thrown. He had not participated in or seen any of the arrests. Hanks had shown witness his pistol, and he had not been shot. He had grabbed Newman and carried him aside to keep him from being shot.

Cross-examined for the defense, witness thought Hanks and Newman had been released because they were agents of the military and the Passenger and Power Company, though he did not know it of his own knowledge.

Col. Anderson, Manager Huff, Hanks, Newman and witness were conferred on the matter which came off Wednesday night. The conference had been held at the Westmoreland Club, because it would not be suspected that Hanks and Newman would go there.

#### Only Knew at 6 o'Clock.

Witness had only received information that the thing was to come off at 6 o'clock on the night it happened. It was arranged that the lights should go out, and the car was ordered to the mouth of the alley at 11:45. Hanks and Newman were expected to be in the alley. Newman had been treated the matter in a cold-blooded, business way, and was endeavoring to break up a gang of about thirty men, who were alleged to have said they would attack Cheatewood. Newman and Hanks appeared at the Westmoreland Club conference, because the scheme arranged for Saturday night had failed.

When Mr. Rankin had been excused, Mr. Richardson asked witness that he did not care to put on any more witnesses, and Mr. Wendenburg, for the defense, announced that he would prefer to go on to-day. At 3:00 o'clock the court was adjourned until 10 o'clock this morning.

#### POLITICAL GOSSIP

Major Rison, of Chatham, Candidate for State Senate—Other Aspirants.

Major George T. Rison, of Chatham, will probably be the only candidate for the State Senate to succeed Senator Joseph Whitehead, who will not stand for re-election. He is considered one of the strongest men in the county. The city of Danville has nominated Major J. W. Bruce as its member of the House delegation from the city and county. The Democrats of that city will not put in the selection of the other three members of the House, to which the city and county are entitled. Of the present delegation in the House, John B. Johnson, Jr., and Joseph D. Reynolds are aspirants for re-nomination. Ex-Delegate Gregory and Mr. R. L. Dixon are also in the race. Colonel George Cabell, formerly of that district, is now a resident of Norfolk.

There are two aspirants for the Democratic nomination for the State Senate from the district of Carroll, Patrick and Grayson—Judge Moore, of Patrick, and Mr. C. E. Fulton, of Grayson. Carroll has no candidate. No matter who wins the nomination, he will have a hard fight with the Republicans.

#### ANOTHER DAY OF PERFECT PEACE

No Disturbance of Any Kind Reported Yesterday—Employment Bureau.

Another day of perfect quiet in the street railway strike situation yesterday gives further assurance that the end of trouble and interference with the safe and regular operation of the cars has come. Although the strike has not been declared off, and no intention is given as to when it will be, continued quiet is having the effect of restoring something like an approximation of ante-strike conditions. No trouble was reported on any of the lines of the company yesterday, and cars were very well patronized all day and in the evening. The opening of the Casino has had the effect of greatly increasing the patronage of the lines running to the Reservoir.

The men of the striking organization still hold meetings, but few of them are remaining idle. On the other hand, the men are realizing the wisdom of getting to work, and to that end have opened an employment bureau to facilitate the work. It is estimated that only about one-third or even fewer of the men who went out are now idle. Many have secured work or are endeavoring to get work in other occupations in this city, and many have gone to other cities or to their homes. A few of the strikers are breaking away from day to day and applying for work, but as these applications are acted on only on Tuesdays, it will not be known until then how many have been re-employed by the company. The company now has its regular and extra lists about complete, but every few days some of the new men are released if they do not measure up to the standard.

The strikers are preparing for a great benefit to the men in the form of an excursion to West Point next Thursday. It is expected that a great crowd will go down on that occasion, taking this means of contributing to the cause of the men. Mr. Orr, the national officer, has been heard from in Knoxville, inquiring as to the situation here, and announcing that he will return as soon as some agreement is reached in that city.

#### CHALLENGER WINS CLEAN VICTORY

Gave the Older Shamrock a Good Beating in a Twenty-Mile Race.

(By Associated Press.) ATLANTIC HIGHLANDS, N. J., August 6.—Twenty-two and a half minutes in a twenty mile race, which occupied a little more than three hours in the sailing, was the beating administered to Shamrock I. by Sir Thomas Lipton's new cup candidate to-day. No shift of wind nor calm helped or hindered either boat. The challenger's victory was without a flaw.

An overcast sky, with threat of rain, induced Mr. Fife to limit the course to twenty miles, a beat of ten miles south-southeast, from Scotland Lightship and return. To avoid a blanketing by the Challenger, Shamrock I. faked a start. The doubles will be played to the starting line, she shaped a course alongside the line, she beat as the latter crossed the line, new boat as she put about, returning to the line and made a new start. The boats went off on different tacks, but Shamrock III. soon tacked and headed seaward, and the Challenger quickly demoralized that it was the kind of weather, in which she was at her best. The old boat hardly gave her a race.
